 /nickhath

Fullstack Web Developer

+1 727 656 4164 | New Haven, CT | nickhath.com | nicholashathaway@gmail.com

## SKILLS

react

nodejs

javascript

html5

css3

git

sass/scss

gulp

postgres

redux

angular

python

## PROJECTS

### Date Idea Generator

<http://dategen.io>

- Built a site that produces random date locations
- Integrates with Yelp's Fusion API to gather data near a user's city
- User can export their date to GoogleMaps for directions to and from each location
- Fully responsive design with Material UI components

#### Video Walkthrough:

**Tools:** React, redux, ES6, mo-javascript, HTML5, CSS3, SASS, Material UI, Express, Node.js, Massive.js, Postgres, Yelp API, Digital Ocean

### BreadCrumb

<http://breadcrumbproject.com>

- Built a SMS-based scavenger hunt manager
- Awarded Best Overall / Most Shippable
- Used Twilio's API to demo a scavenger hunt with 20+ participants

#### Video Walkthrough:

**Tools:** React, Redux, ES6, HTML5, CSS3, SASS, Material UI, Express, Node.js, Massive.js, Postgres, Twilio API, Digital Ocean

### PeanutGallery

- Built an IMDB movie review web scraper
- Optimized results for natural language processing applications

#### Video Walkthrough:

## EDUCATION

### Yale University

2014 - 2018

New Haven, CT

B.A in Computational Linguistics

Overall GPA: 3.6

### DevMountain

2017

Provo, UT

Web Development Immersive

## EXPERIENCE

### HackYale Instructor

Feb. 2014-Jan. 2016

- Taught a course on Natural Language Processing to undergrad and graduate students
